PROFESSIONAL SUMMARY High-integrity Full-Stack Developer and former Senior Salesman specializing in **Revenue Protection** and **Operational Transparency**. Expert in architecting "Clean Hands" digital ecosystems (Next.js, Supabase) that eliminate business leaks. Currently building high-end E-Commerce and POS solutions while completing the Meta Front-End Professional Certificate.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js 15 (App Router), Tailwind CSS, Framer Motion, JavaScript (ES6+).
- **Backend & Security:** Supabase (BaaS), PostgreSQL, Row-Level Security (RLS), AI API Integration.
- **Business Logic:** Automated Cashiering, Inventory Syncing, Real-Time Auction Engines, Biometric Logic.
- **Tools:** Git/GitHub, Vercel, AutoCAD (Precision Design), Technical Auditing.

CORE PROJECTS **eMVeOzHub POS** | *Founding Developer* | January 2026 – Present

- Architected an automated cashiering and inventory solution to eliminate manual entry errors and revenue leakage.
- Implemented **Supabase RLS** to ensure multi-tenant data privacy for Sales Representatives and business owners.
- Developed a "Breadcrumb" data path to detect "Dark Zones" (signal loss) and ensure field-audit transparency.

Kei's Collection & Boutique | *Lead Developer* | March 2026 (Upcoming Sprint)

- Designing a high-end E-Commerce and **Real-Time Auction Platform** for signature jewelry and luxury apparel.
- Integrating an **AI Boutique Concierge** to provide automated style recommendations and handle customer inquiries.
- Building a secure checkout basket with real-time inventory synchronization and bidding logic.

Future Focus Language Institute | *Security & Attendance Lead* | January 2026 – Present

- Engineered a Biometric "Identity Handshake" system to prevent time-theft using secure timestamping.
- Designed a resilient **offline-first workflow** that captures data during outages and auto-syncs upon reconnection.

WORK EXPERIENCE **Founding Web Developer** | *eMVeOzHub* | January 2026 – Present

- Developing "Clean Hands" digital tools to automate auditing and replace manual logbooks with verifiable data.
- Leveraging sales background to translate client business leaks into functional software requirements.

AutoCAD Draftsman & Land Surveyor | *E.F Cabredas Surveying Services*

- Utilized precision technical drawing and AutoCAD to translate physical landscape data into digital specifications with 100% accuracy.

Senior Sales Representative | *Bounty Fresh Foods Inc. / Sunpride Foods Inc.*

- Managed high-volume accounts, identifying "leakage points" in manual reporting that led to financial loss.

EDUCATION & CERTIFICATIONS

- **Meta Front-End Professional Certificate** | In Progress (2026) | Coursera
- **EPS-TOPIK (Korean Proficiency)** | Certificate Holder
- **AutoCAD TESDA Certificate** | Precision Technical Design

ADDITIONAL SKILLS

- **Intellectual Property:** Knowledge of RA 8293 (IP Code) regarding software expression and digital privacy.
- **Creative Discipline:** Professional Guitarist (Pattern recognition and disciplined logic application).
